SELECTMEN'S NARRATIVE

Looking back at last year's Town Report, we can now answer fully our most commonly asked question. E-911 became a reality in October, completing over three years of hard work. Special thanks goes to Denise Pratt who put hours into the project. As for the transfer station, read on. Two warrant articles for the March 1998 Town Meeting will determine its fate. If both articles pass, renovation will be by demolition.

Another landmark in 1997 was the signing of a 99 year lease between the Faulkner family and the town for a six acre ball field. The idea of a ball field has been discussed by several town forums, for many years. This year the dream will become a reality.

Folks in town weren't a bit shy when it came to the State's planned changes to the Pitcher Mountain Fire Tower. Pressure from concerned citizens, the Conservation Commission, and the Selectmen caused the plan to be revised within the footprint of the existing tower. The impact upon the view of the summit has been minimized, perhaps improved by the planned removal of the tin structure within the tower's legs.

It was also decided, once and for all, that the Shedd Hill bridge would be a wooden structure with stone facing. It has added to the price, already considerably greater than the original estimate. Actual construction is scheduled to start this spring.

Our financial highlights include the towns' surplus of slightly over seventy thousand dollars. Four years ago, that same figure was a deficit of over thirty thousand. We have also received a substantial settlement on a judgement associated with King Street construction.

The funds raised last year did resolve the bat problem in the Town Hall belfry. This year we are asking for funds to repair the bell tower. It can be said that we cleaned house in 1997 and wish to take care of something loose upstairs in 1998.

Respectfully submitted
Board of Selectmen

John Haiter, Chairman Brenda J Bryer Louis GrandPré

AUDITOR REPORT

The records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustee of Trust Funds, Cemetery Commission, Library Trustee and Boat Permit Agent have been examined pursuant to RSA: 41.31 for the year ending December 31, 1997.

In the opinion of this Auditor, these accounts together with their financial statements present fairly the financial position for the year end of the Town of Stoddard. These records also conform with generally accepted accounting principles applied using the cash basis method.

Respectfully submitted:
Virginia R. GrandPre', Town Auditor

STODDARD FIRE & RESCUE

In 1997 we responded and participated in a total of 171 emergency calls and activities as follows:

39 rescue calls	6 motor vehicle accidents
36 fire calls	20 training drills
20 meetings	50 radio checks

This year we have been working and planning the final details of our new four wheel drive pumper truck due in around March. This purchase will help keep us up-to-date and well equipped for any emergency call.

We sent two people to Holmatro headquarters to be certified in the use of the jaws of life we now have in service. They in return have trained the rest of the department.

We also purchased through donations in memory of Janet Sullivan a Rescue Alive sled to assist us in any water rescue.

We appreciate all the participation in our annual halloween party. We hope everyone had as good a time as we did.

The department now has a computer and copy machine to assist us in our training and business needs.

We anticipate an increased cost in our ambulance service due to increased calls and an upgraded service to critical care qualifications by the attendants.

Respectfully submitted:

Brian Cahill, Chief - Joe Sarcione, Deputy Chief
Wally Weaver, Captain - P.J. Lamothe, Rescue Captain
Dean Landale, Lieutenant - John Wilder, Rescue Lieutenant

STODDARD FOREST FIRE WARDEN

This year Stoddard and surrounding towns experienced more brush fires than the previous year. Our fire season was extremely dry and the water level in the ground was very low because of lack of rain. About three months this past year at various times we and other towns placed a ban on all fires because of this condition. Stoddard suffered two fires along with other small fires that could have been very serious and dangerous if it had not been reported in the time that it was. We assisted with Mutual Aid assistance to our surrounding towns a few times during the fire season.

I would like to thank all the members of the fire department and all the deputy wardens for a job well done in fire suppression and fire awareness this year.

Again this year we sent three firefighters and myself to Bear Brook for Wildland Fire Training. Sending our firefighters to this state wide training enhances their skills and knowledge in fighting wildland fires. In addition to this all of the firefighters and deputy wardens have taken the 16 hour Wildland Fire Suppression course held in early spring of this past year.

Remember that a fire permit is required when there is not total snow cover where the burn is to be. Violations of RSA 224.27 11, the permit law and other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2000.00 and/or a year in jail. Violators are also liable for all fire suppression costs.

Remember you can request a fire permit by contacting Joseph Sarcione-Forest Fire Warden, Patricia Lamothe-Deputy Forest Fire Warden, or Lewis Clark-Deputy Forest Fire Warden.

Respectfully submitted:
Joseph Sarcione, Forest Fire Warden

STODDARD POLICE DEPARTMENT REPORT

The year 1997, was a busy year for the Stoddard Police Department. Accidents, juvenile and domestic issues still continue to take up a large percentage of our time. Burglaries and thefts continue to take a downward trend; I believe due to our random patrols and increased visibility.

This year we implemented a weekly motor vehicle patrol where we concentrated to curb speeding on Rte. 123, between the church and Island Pond area. With over one hundred motor vehicle stops; we have had some effect. We will allocate ten hours per week for continued speed enforcement.

In 1997, we utilized what is commonly known as the Don Curry building, for a Police Department, which is located on the Old Forest Road. This building comes complete with a dry floor, clean heat, running water, and a flush toilet. Something of which our space in the old fire station failed miserably to provide. This building has proved extremely beneficial by providing all officers twenty-four hour access to active warrants and restraining orders. It also provides all officers a place to write, file reports, and conduct interviews in a confidential atmosphere.

Unfortunately, we are losing a profound individual Officer Donald Fleming who has resigned from the Stoddard Police Department. Don brought to the department a sense of commitment and professionalism that will be difficult to replace. Don has served the department since 1990, we wish Don and his family the very best in their future endeavors.

I would again like to thank the townspeople for their continued support and assistance over the past year. I would also like to thank the Dahle Corp. of Peterborough NH for their generous donation of office furniture and a copier.

In closing we would like to remind all of you that in case of an emergency please call 911. If it is not an emergency and you would like to speak to a police officer call the Stoddard Police Department at 446-3597.

Respectfully submitted:
David Vaillancourt, Constable/Police Chief

STODDARD PLANNING BOARD

This year the Planning Board heard and approved two subdivision applications with conditions, one commercial site plan, also with conditions, and a second site plan application for a commercial enterprise was submitted, but not heard due to legal rulings.

Resident's requests for greater opportunity to conduct small businesses have again been taken under consideration by the Board. A consultation with Carol Olgavie, Senior Planner with Southwest Region Planning Commission, regarding our options was held in a combined Planning Board/ZBA/Selectmen meeting. Ms. Olgavie toured the community and again reviewed our Master Plan. Subsequently, the Board drafted a proposal for a Village District to be considered by Stoddard voters.

Other issues researched this year include junk yard regulation and the safety regulation of septage spreading. The Board, and Town, need to prepare telecommunications tower regulation within the guidelines of the Federal Communications Commission, a task that is presently being undertaken.

Members attended Law Lectures covering the topics of: harmonious land use regulation, preemption of local power and constitutional protection of property as well as attending the Office of State Planning Conference.

For the third year in a row the Board has been able to reduce its budget request, though we must always add the admonition that a complex application or challenged decision could increase expenditures beyond the normal budget.

The Planning Board is grateful for citizen participation in hearings and for the collective wisdom that adds to fair and informed decisions.

STODDARD ZONING BOARD OF ADJUSTMENT

The ZBA heard one case during 1997. This complex case involved a request for a special exception for a commercial enterprise in a rural district. Regular ZBA meetings were held throughout the year, usually on the third Tuesday of a month, on administrative and organizational matters. In early June, a combined informational meeting, organized by the South-western Regional Planning Commission (SWRPC) for the ZBA, the Board of Selectmen and the Planning Board, was held. The purpose of this meeting was to share the experience of other communities related to the formation of a village district for business activities.

In response to the rapidly changing and increasingly complex nature of New Hampshire laws related to land use and zoning ordinances, a number of ZBA members attended workshops this past fall organized by the NH Municipal Association so as to strengthen their knowledge of land use matters. These workshops have proven to be useful to the work of the ZBA.

It is important to note the three core functions of the ZBA so that Stoddard residents better understand the purpose of the Board. These functions are: (1) Hear an appeal from an administrative decision. (2) Decide to grant or withhold "variances" from the terms of Stoddard's zoning ordinances. (3) Grant or deny a "special exception" for land use as specified in the town zoning ordinances. All Board decisions are taken through a deliberative and impartial process based on Stoddard's Zoning Ordinances and New Hampshire law.

STODDARD ANIMAL CONTROL

Through mid-December 1997 there was a total of 73 Animal Control calls. Of this number only 58 required response by the Animal Control officer or the Police Department. Fifteen of the calls were handled by telephone.

The strays taken to Monadnock Humane Society were all reclaimed by owners that greatly defrayed the Animal Control budget for the year.

Calls in 1996 were as follows:

4 animal welfare	3 assist to other ACO
1 dog bite	3 lost cats (never found)
6 lost dogs (all located)	7 nuisance dog complaints
1 dog hit and killed by unknown snowmobile	
4 stray dogs	
1 cat dead - apparent attack by animal	
6 stray cats found (5 returned to owners - 1 adopted out)	
122 loose Stoddard dogs	

The number of dogs loose is most generally due to new residents who are not aware of the local Animal Control ordinance. Now, when new residents come to Stoddard, the Town Clerk is distributing copies of the existing ordinance. This ordinance was adopted by the Town of Stoddard at the general elections in November 1980. This has helped the new residents understand what their responsibilities are and has reduced the number of dogs who are intentionally allowed to run loose. For the most part Stoddard dog owners are very responsible individuals.

We need to stress also, that although cats are not at present required to be licensed by the Town, they ARE required to be rabies vaccinated. Please be sure to vaccinate your animals for not only the animal's protection, but for the protection also to individuals who might be accidentally exposed to a bite or suffer a non-bite exposure.

Many thanks to Chief David Vaillancourt for his efforts and assistance throughout the years.

DAVIS PUBLIC LIBRARY

The Library is open Thursday evenings from 7:00pm to 9:00pm and on Saturday mornings from 9:30am to 10:30am.

Approximately 500 books and numerous magazines were donated to the library this year. Almost 150 new books and videos were purchased during the year.

A tub of flowers was placed at the library by Mr. & Mrs. John Secco and cared for by them adding much to the appearance of the building during the summer season.

A new sign for the library was made and hung by Oliver Quist, also adding a better appearance to the library.

Repairs have been made to joist ends, support columns, and part of a sill at the library. The large window has been replaced also.

The annual book sale held during Old Home Days was very successful.

The library subscribed to the Literary Guild again this year. We receive three new award winning books of different reading levels from the Guild each month. The library now has a large collection of video tapes and a small collection of audio tapes. Earle Lund, Alan Rumrill, and Robert Farrar designated their 1997 Rotary Bookshelf Donations to the Davis Library. A contribution was made in memory of Trevor Price by the Treelyn Road Corporation.

We extend our thanks to all of the people who made donations to the collections during 1997. These included Henry & Hester Klie, Emily Hogue, Peter Riesenbergs, George and Sally Cahill, Jean & James Kelly, Kim and Nancy Faulkner, Lucille Hill, Eunice Fiske, Lena Vaillancourt, Nancy Bailey, Ruth Moe, Dennis Carlisle, Charles Chandler, Frances Rumrill, Mike Myers, Alan Rumrill, and anyone inadvertently left off this list.

STODDARD CONSERVATION COMMISSION

The Conservation Commission has been meeting regularly on the first Monday of the month to review applications. 10 dredge and fill permits were requested and the Commission reviewed and commented on all of them in addition to making site visits. The Commission also reviewed and commented on a site plan review for land application of septage.

This year the Conservation Commission hosted a Lakes Monitoring kickoff meeting in June. Stephanie Moses from the State Departments of Environmental Services, Limnology Section was the guest speaker. See the Lakes Monitoring report for a summary.

In addition, along with the Planning Board, and Historical Society, the Commission sponsored a program titled "Dollars and Sense of Open Space" Dave Anderson for the Society for the Protection of New Hampshire Forests made the presentation. Persons interested in further information may contact the Forest Society.

As usual the Commission would like to remind folks that any work involving dredging, or fill in wetlands - including docks, piers, abutments, retaining walls, etc... or new construction within 250' to lakes and ponds require an application to the DES. In addition, the Town has an established 50' buffer zone to wetlands and surface water. No alteration is allowed in that zone for new construction projects except by special exception granted through the Board of Adjustment.

Persons interested in joining the Conservation Commission should petition the Selectmen for appointment.

LAKE MONITORING PROGRAM

Public Meeting, June 23, 1997 7:30pm

Present:

Jo Anne Carr	Geoff Jones	Phyllis Sawyer
Oliver Quist, Island Pond	Mike Meyer, Highland Lake	
Joseph Castor, Center Pond	Walter Serbent, Highland Lake	
Carrie Simino, Granite Lake	Frank Clark, Highland Lake	
Tom Newcombe, Granite Lake	Fred Zinn, Highland Lake	

Lake Report Summaries/Concerns

Speaker: Stephanie Moses, NH Depart. of Environmental Serv.

Center Pond

Naturally aging lake; with limited development, therefore should be noted as a high priority to protect. Mesotrophic Pond (middle aged). Concern: limit large motor boats - seek support from the State Department of Safety.

Granite Lake

Oligotrophic lake. Specific conductance at the Townline Inlet sampling station jumped from 30.2 uMhos/cm in 1993 to 305.3 uMhos/cm in 1994 and up to 456.9 uMhos/cm in 1996. This level of conductance is of concern (>100 is generally an indicator of human pollution sources) as an indicator of excessive untreaded runoff of road salt, faulty septic systems or other runoff source. Concerns: increased tree removal, increased paving and exposed ledge and culverting all impact water quality. Action: more frequent monitoring, limit development near shore, test road runoff - particularly in spring.

Island Pond

In response to concerns of possible groundwater contamination by underground fuel tanks, a test was done in 1996 on the inlet to Island pond. Only trace amounts of fuel by product were detected. Limited development helps maintain water quality, however septic maintenance is a priority here. Concerns; road runoff in the spring particularly, and algae blooms - possibly related to phosphates (soaps/detergent/fertilizer) or other nutrient loading.

Highland Lake

Oxygen depletion at the bottom. Rice and Carr Brooks are adding high phosphorus. Concerns: increase of boating activity, increased plant growth (shallow pond), dense development, and high fish mercury levels. Action: sanitary survey (septic inspection) and maintenance pumping; reduce boating traffic.

Robb Reservoir

Aging water body with natural wetland influences. Concerns: should be monitored as it is a public water body.

Strategies/Issues

- *Address runoff due to unstable beaches and construction erosion.
- *Septic system maintenance.
- *Test road runoff in areas noted.
- *Add tributaries for more complete monitoring.
- *Control invasive plants.
- *Monitor mercury levels more closely.
- *Add Robb Reservoir back in to monitoring program.
- *Establish phosphorus reduction program.
- *Address increased boating activity – size and speed.
- *Improve regulation education and enforcement.

A brief recap of lakeside DOs and DON'Ts:

- *DO pump out your septic tank every 3-5 years
- *DO maintain your system and check your leachfield area
- *DO use low or no-phosphate detergents
- *DO keep land clearing to a minimum
- *DO maintain a buffer of natural vegetation at least 50' wide along the shore
- *DO NOT bathe, shampoo, wash boats, pets, or things in or near the lake with soap
- *DO NOT wash automobiles near the lake
- *DO NOT use fertilizer near the lake shore
- *DO NOT burn brush or leaves near the shore, or on the ice in winter
- *DO NOT urinate or defecate in the lake, and don't allow pet to do so

TEST DESCRIPTIONS:

pH

A measurement of acidity. A pH of 7 is neutral. Lower pH values indicate acidic conditions. High pH values indicate basic (alkaline) conditions. Little or no fish life remains when pH falls much below 5. NH average is 6.0.

Transparency

A measure of water clarity, affected by the amount of phytoplankton, color (dissolved organic compounds), and particulate matter in the lake. Measured by lowering a Secchi disk into the water and observing depth for disappearance. Standard: >13.1 ft. is Oligotrophic, 6.6 to 13.1 ft. is Mesotrophic, and <6.6 ft. is Eutrophic. NH average is 12.8.

Chlorophyll a

A green pigment in plants required for photosynthesis. A good indicator of abundance of microscopic plants and algae. Units are mg. per cubic meter. Standard: <4 is Oligotrophic, 4 to 10 is Mesotrophic, and >15 is Eutrophic. NH average is 7.3.

Total Phosphorus

Limiting nutrient that promotes plant and algae growth in lakes. Increased TP encourages excessive weed growth and algae blooms. Comes from decaying matter, soils, leachfields, land clearing, and agriculture runoff. Units are ug/L. Standard: <10 is Oligotrophic, and >20 is Eutrophic. NH average is 11.

Color

A measure of dissolved metals (iron and manganese), dissolved organic compounds, and suspended matter in water. Standard: 0 to 20 is crystal clear, 20 to 35 is slightly tea-colored, and 35 to 100 is tea colored to highly colored. NH average is 25.

Conductivity

Ability of water to carry an electrical current. High conductivity may indicate pollution from road salting, faulty septic systems or agriculture runoff. Units are umhos/cm. Standard: 0 to 50 is Oligotrophic, 50 to 100 is Mesotrophic, and >100 is Eutrophic. NH average is 56.4.

STODDARD OLD HOME DAYS COMMITTEE

Stoddard Old Home Days 1997 under the chairmanship of Gordon Garnett was held July 11, 12, and 13. We had especially fine weather this year which helped the attendance. The opening event was a concert by the Narrow Road Band Friday night at the gazebo near the church. About a hundred people sat, lay, or strolled around the lawn surrounding the gazebo enjoying this inspirational singing/instrumental group. The concert was followed by the Church Ice Cream Social at the Town Hall at which a wandering magician, Frank Stuckey, entertained. Saturday's parade kicked off from the Congregational Church at the usual 10:00 a.m. Music was provided by Post 4 American Legion Band and the Milford Fife & Drum Corps. There were floats by the children, an assortment of vintage cars, and fire and rescue equipment. Following the parade the Legion Band set up in the shade of the old apple tree between Cressey's and Mill Village Country Store and gave a concert.

There were many activities on Saturday. Public buildings were open, and there was a bazaar at the Town Hall. For the children there were games and the "Little Red Wagon" children's program at the fire station. A new event this year was the "Movathon" sponsored by the Stoddard PTO. This was a walk, run, bike, or stroll from the Faulkner Elementary School to Center Pond and back. During the day the Junior Fire Department sold hot dogs, hamburgs and soft drinks. The Chicken Barbecue at the fire station was once again a big success. The raffle was held at 5 p.m. at the Barbecue, and the winners were all from Stoddard this year. The First Prize, a Stoddard Bottle (Middletown Springs mineral water bottle) went to Shannon Sarcione, Second Prize (fifty pounds of Pitcher Mountain Farm Scotch Highland beef) went to Pam Hebert, and Third Prize (a Granite Lake Pottery casserole dish) went to Jim Davis. The Digger Stevens Blues Band which played at the Town Hall for Saturday night's dance was great.

The Sunday morning pancake breakfast at the Town Hall was again a sellout. After church services there was a guided hike to Trout Pond on the Society for the Protection of NH Forest's Charles Peirce Reservation. Geoff Jones led the hike and gave the history of the camp there. The Historical Society was open for the public and a Scavenger Hunt brought the 10th in this series of Stoddard Old Home Days to a successful conclusion.

The Stoddard Old Home Days Committee wishes to thank everyone who donated their time, services, goods, and money. It is due to the hard work and donations of many, many people that this community event is possible. Without the support of each and every one of you, there would be no Stoddard Old Home Days celebration.

We are already looking forward to next year's celebration which will be July 10, 11, & 12. If anyone would like to be on the committee or has ideas or suggestions for activities, please contact the committee chairman or secretary.

STODDARD P.T.O.
Parent Teachers Organization

The PTO experienced an infusion of enthusiasm late in the 1997 school year. To maintain involvement, monthly meetings are held at the Elementary school on an agreeable Saturday morning at 9 a.m.. Members of our greater community who are interested are welcome to attend these meetings. The meeting dates are indicated on the minutes which are posted at the Elementary School, Town Hall, Post Office and town stores.

At our initial meetings there was some discussion concerning the overall goals of the PTO. It was decided that our sole purpose should not be just existing as a fundraising organization. The PTO should work to develop "arms" in the community as well as in the school such as "just for fun" activities, parent volunteers, programs supporting curriculum for the teaching staff, etc. This in mind, we decided to participate in the town wide Old Home Days celebration sponsoring a "Movathom" from the school down Center Pond Road. A school wide contest looking for a motto, mascot, and colors was also initiated and completed in the final weeks of school. As usual PTO members treated the students and staff to a Thanksgiving feast in the week prior to the holiday break. Finally, Christmas ornaments were made and handed out to the students and staff to mark yet another passing Christmas. Whew, we were busy!

When we started this year we were barely able to afford our annual Graduation and last day Carnival "Fan Fare" with a balance of \$117.35 as of 3/31/97. However, with much effort and many donations we were able to put together a beautiful Graduation ceremony and a fun filled Carnival. PTO members organized a Yard/Bake sale in May raising \$262.75. WOW! With money in hand gifts of Commemorative Coins were bought for the Graduates and prizes purchased for the Carnival. Proudly, the PTO was able to conduct its annual functions.

Of course, one of our interests has been the continued development of the Elementary School playground. Not only does this section of the school facility get used a lot during the regular school year, but many of our residents like to bring their children or grandchildren up to play. The PTO's intention is to raise funds so that newer, more practical and entertaining units can be bought to enhance the existing structures. All of the Fundraisers such as the Holiday Raffle, Penny Drive and Stoddard Towel sales coupled with the Woman's Fellowship donation and other various donations have been very successful! As of 12/31/97 our existing balance is a \$1,070.99. What a difference a few months and dedicated members can make!

Once again Stoddard voters will be asked to vote on a Bond for a Community/Facility Room at the Elementary School. To support this effort the PTO will be offering babysitting services for any voter who may need it at the school during the Vote on March 12th at 7:00p.m.. The need for this facility expansion was never more evident than during the Graduation ceremony where the pews of the Congregational Church in Stoddard were crammed to capacity and the Christmas pageant which was held in Marlow's Jones Hall. Please become informed and vote!

Many thanks goes out to the people who have helped us with their support. We are looking forward to another enthusiastic year!

STODDARD SCHOOL BOARD

ANNUAL REPORT

The 1997 - 1998 school year can be aptly described as a year of change. New teaching staff, new school board members, review and revision of policies, and staff and communication improvements within our SAU have kept us all on our toes and our noses to the grindstone.

Maggie Sergeant, who joined our staff at a time of crisis last winter renewed her contract and her commitment to our children this past summer. Louise Mossberg joined the staff filling the position of French teacher.

As a Board we were able to review, revise and implement policies on Leave and Grievance Procedures. Administrator/Principal Mark LaFleur presented administrative and teacher job descriptions which we reviewed and accepted. A core curriculum was developed by the staff. Under the Board's direction, our SAU continues diligently to improve communication with the Keene School District. Changes within the SAU include the resignation of Pupil Personnel Director, Joe Denning, and the resumption of a quarterly newsletter keeping us informed on happenings in our district. We welcome Frances Irvine, who returns to SAU #24 in the position of Pupil Personnel Director.

We would like to thank the Stoddard School Committee on "Options for School Administration" whose dedicated volunteers provided valuable research and information which was used by the Board in setting and obtaining some of our goals this year. We encourage the review of their report which has been included in this year's Town Report.

Shortly before the holidays, fire code infractions at the school came to the attention of the Principal, Board members and our Superintendent. The infractions made the obvious inadequacy of our school facility that much more apparent. All violations were rectified, some at the expense of the hot lunch program (for a short time) and some at the continued sacrifices of our children and staff.

Our current elementary population is 57 students. Our current total tuition population is 49 (4 elementary students attending Washington Elementary School and 45 students attending the Keene Middle and High schools). Some of us may wish for these numbers to remain constant. All of us can see the benefits of their decline, and thereby a decline in our tax dollars spent on our school and our children. The reality is, as with our community at large, our youth population continues to change and grow. Planning for our futures and our childrens' futures can only help to ease the ever present tax burden.

As we look ahead to the inevitable changes of tomorrow, our hope is that the future will be infused with your ideas, suggestions, commitment and energy. Our commitment to serve the community interest has never been stronger.

Principal's Report

The James M. Faulkner Elementary School has been quite busy this past year. Here are just a few highlights to let you know what has been going on.

Beginning with the K/1 classroom, these children started with a new teacher mid year. Miss LeMay joined us in February of 1997. Last spring, Miss LeMay's class studied some of the following topics: The Solar System, Wetlands, Earth Day, Plants, Butterflies, and Friendship. During their study of the wetlands, the students worked hard at making a realistic wetland's bulletin board for their class. The board was a 3-D representation that was impressive to view. The class did a wonderful job.

Looking back at the 2/3 classroom in the spring of 1997, we find that Mrs. Hamilton's group worked on a maple sugaring unit, which concluded with a trip to Stonewall Farm. Teacher aide, Mr. Lagasse, worked with all three classes to plant seeds and seedlings. Once grown, these plants were then planted by the students, in the school's flower bed, located in the center of the parking lot. There was also a school wide study done on butterflies, which concluded with the release of each classroom's butterflies. Mrs. Hamilton's class spent time studying penguins, sea lions, and sea otters. They then made a trip to the New England Aquarium, where they got to see the creatures they had learned so much about.

Mrs. Betz, our art teacher, organized a special trip to see the Leonardo DaVinci exhibit at the Boston Science Museum. Students had spent quite a bit of time learning about this very talented man, and all he had accomplished.

The 4/5 classroom was busy studying about Indians, which went along with our reading of The Indian in the Cupboard. With the help of Mr. Lagasse, each student got to weave their own Indian style backpack. At the end of the school year, Mr. LaFleur's class visited the Mt. Kearsarge Indian Museum. The students really enjoyed this trip as they learned more about, and gained a respect for these early Americans. The big event of the year was our production of Joseph, and the Amazing, Technicolor Dreamcoat! This was a major undertaking, which involved a great deal of support and effort, by all staff members, and parents. The play was a wonderful success, which gave us all memories to last a lifetime. I would like to send out a big thank you to all of you, who made it happen.

We then went through some changes at the Stoddard School. Over the summer, Miss LeMay was married and became Mrs. Sergeant. Then, two of the teachers switched classes. Mrs. Hamilton is now teaching the K/1 class, while Mrs. Sergeant is teaching the 2/3 class.

This past fall, Mrs. Hamilton's Kindergartners have been working on their letters and numbers, while the First graders worked on addition and subtraction. The entire class has been learning about Bears, Self-esteem, and Pilgrims.

Mrs. Sergeant's class started the new school year studying insects, Johnny Appleseed, Autumn, Pumpkins, Famous Inventors, and holidays. The class had a field trip to Stonewall Farm to see the growing process of pumpkins. To demonstrate their knowledge of insects, the students "discovered" their own insects and wrote a detailed account of it's habitat and lifestyle. These children also made a clay representation of their insect.

Mr. LaFleur's class started the year with the book The House on Hackman's Hill for their reading lessons. This most loved book in the class, deals with Egyptian history, and it's facts and myths. Students engaged in pyramid building, decoding Hieroglyphics, and making of mummy cases.

Students were placed in groups, which simulated Pilgrim colonies, as the groups took part in a Pilgrim simulation program. They needed to work together in order to make their colony survive, as they faced a dangerous sea journey, Indian attacks, fires, and colonists' deaths. At the end of the program, groups were able to compare their results to that of the original Pilgrims.

Now that the Pilgrims were in the new world, the class was able to begin their study of New Hampshire History. They look forward to visiting the New Hampshire Historical Society, along with the State House.

To coincide with the New Hampshire History unit, the class has begun reading Farmer Boy, by Laura Ingalls Wilder. The book deals with many tools and methods of farming from an earlier time period. The main character, Almanzo, is an eight year old boy, who ends up being Laura's husband.

The students have been learning about "Imaging" in their science lessons. Each group of four students corresponds with a scientist pen-pal, sharing experimental results and questions.

I would like to close by mentioning a word of thanks to all of you who help make the school a success. The P.T.O. has been busy working on plans and projects to earn some playground equipment for the school. There have also been a number of parents volunteering their time at the school. Numerous committees have put forth a lot of time and work to better the school. Together, we can provide the best educational experiences for our children.

Respectfully submitted,
Mr. Mark LaFleur

STODDARD SCHOOL COMMITTEE
ON
"OPTIONS FOR SCHOOL ADMINISTRATION"

Purpose of the Committee:

At the Annual Stoddard School Meeting this past March 1997, a committee was formed to investigate issues related to privatizing the administration of the Stoddard school system (K-12th grade). The meeting appointed those Stoddard residents listed below to serve on that committee. The purpose of this report is to share the results of the work of the committee.

The sentiment of the March school meeting was that Stoddard might not be receiving the necessary educational leadership services to ensure that our elementary school performs at its optimal level to best serve Stoddard and its children. Some specific issues that were brought to our attention included the need to strengthen school-community interactions, the continuing need for a school curriculum, and more detailed school policies and procedures.

Process Used by the Committee:

As an outcome on the committee's first meeting in early April, the School Board approved the committee's request to broaden the committee's mandate beyond the issue of privatization. The committee felt that an examination of the wide range of school administration options would more adequately address concerns raised at the March School Meeting. These options were: affiliate with another SAU, perform administrative functions solely within Stoddard through privatization, remain with the current SAU, or a combination of these options.

From April to July, the work of the committee involved quantifying the educational leadership and support services provided to the school, determining the extent that all possible resources were being used efficiently, identifying possible gaps in these educational leadership and support services, and weighing the range of administrative options to address any identified gaps. To accomplish this, a variety of school documents were reviewed, interviews were held with the members of the Stoddard School Board, the Superintendent of the SAU, with the Stoddard Elementary School Head Teacher and other teachers. Public presentations were made at monthly school board meetings at which time additional comments were received.

Findings of the Committee:

Under Stoddard's current system of educational leadership and support, SAU #24 provides a range of services to the school. The Elementary School Head Teacher provides some administrative services in addition to his full-time job as the grade 4-5 teacher.

The committee's subsequent discussions with the SAU #24 Superintendent and the Stoddard Elementary School Head Teacher, and after a review of documents provided by the SAU, seem to reinforce a need for updated policies and procedures. The committee was concerned that the Head Teacher's administrative job description made no reference to educational leadership matters; i.e. development of a coordinated and integrated school-wide curriculum, overall supervision, evaluation, and development of teachers, interaction with town residents and officials, recommendations on major educational issues to the School Board and other regular school leadership matters. This job description more clearly characterized secretarial functions. The committee was greatly impressed that the Head Teacher was performing some tasks that were clearly beyond his written job description. Similarly, the description of SAU responsibilities did not appear to clearly indicate who had primary responsibilities for curriculum and teacher supervision and development. The committee was told by the Superintendent that the SAU cannot provide additional services beyond the 10% of overall time provided to Stoddard in the agreement with the SAU. To date, according to the Superintendent,

much of that time and more has been devoted to "fire-fighting" issues rather than longer term educational development matters. Clearly, there were management gaps in the system.

Recommendations for Administration:

The committee examined the various administration options available and provisionally excluded the following:

1. Perform administrative functions solely within Stoddard
In summary, the economies of scale with such a small school preclude this option. It would simply be too expensive. Stoddard would need a principal/superintendent to perform overall administration for the school and to satisfy state educational requirements. We receive about \$30,000 in grants (in return for our \$56,000 payment to SAU #24); to duplicate this, we would need a skilled grant writer. Other services currently performed by the SAU would also need to be performed within Stoddard. Our pool of people for teacher health insurance and other benefits would be smaller and would likely raise premiums. There are other, non-financial considerations; without outside educational inputs (provided by the SAU), Stoddard might risk not being exposed to the most recent trends in education in New Hampshire and in general.
2. Affiliate with another SAU.
It appears that SAU #24 provided educational services at less expense than other potential SAU's. Affiliating with Keene or another SAU would likely increase expenses, the return on these increased expenses might not warrant the change in SAU's.

A remaining option was additional educational management time provided by the SAU beyond the contracted 10% of time. This was not an option based on what the committee was told by the Superintendent. The remaining option was to provide additional educational management resources from directly within the school.

Consequently, the committee narrowed its recommendation to two:

1. Hire a part-time principal to solely focus on school educational management issues.
Assign the Head Teacher with certain management functions.
OR
2. Re-configure the teaching time of the current Head Teacher and other school personnel so that the Head Teacher (more appropriately referred to as the Principal) has sufficient time to handle management matters.

Next Steps:

The findings of this committee were presented to the Stoddard School Board at its regular July 1997 meeting. Implementation of the findings of this committee is now with the School Board including the finalization of preferred school administration options together with new job descriptions, pay scales, etc., and preparation of documents and budgets for the March 1998 Town School Meeting.

STATE OF NEW HAMPSHIRE
STODDARD SCHOOL DISTRICT
ANNUAL MEETING
1997 WARRANT

The 1997 School Warrant Meeting was opened at the Stoddard Town Hall on March 6, 1997 at 7:06 p.m. by Moderator Daniel Eaton. Present at the meeting from the Stoddard School Board were Chairman Mary Lou Eaton, Brenda Howard, Marline Leotta (also acting as Clerk.) Present from SAU #24 were Superintendent Donald Jones, Business Administrator James Crane, Special Education Director Joseph Denning and Special Education Secretary Linda Smith. Present from the Stoddard School Staff was Mark LaFleur, Head Teacher.

Article 1. To choose by nonpartisan ballot the following School District officials:

- A. One School Board Member - 3 year term
- B. One School Board Member - 1 year term
- B. One Moderator - 1 year term
- C. One Treasurer - 1 year term
- D. One Clerk - 1 year term
- E. One Auditor - 1 year term

Marline Leotta moved that the polls be open until 8:30 p.m. or the close of the meeting whichever occurs last. The motion was seconded by Mary Lou Eaton. Nancy Cressy asked that the polls be kept open fifteen minutes after the meeting closed. Marline and Mary Lou agreed. Motion carried unanimously by voice vote.

Moderator Daniel Eaton called a ten minute voting recess to allow those present to vote. The recess was over and the meeting called to order at 7:37 p.m.

ARTICLE 2. To see if the District will vote to raise and appropriate the sum of approximately \$300,000.00 (three hundred thousand dollars) for the purpose of designing, construction, renovating, equipping and related fees and expenses for an addition of a Multipurpose Room at the James Faulkner Elementary School; the \$300,000.00 (three hundred thousand dollars) to be raised by the issuance of bonds or serial notes in accordance with the provisions of RSA 33; the School Board to determine the terms and conditions of said bonds or notes; and further to appropriate to the purposes set forth in the bond issue any interest or income earned, not to exceed \$10,000.00 (ten thousand dollars), on the proceeds from the sale of bonds. It is the intention of the School Board to recess this portion of the meeting to April 17, 1997 to take up this article. Brenda Howard moved that this warrant article be recessed until April 17, 1997. Mary Lou Eaton seconded the motion.

Discussion followed. Mary Lou explained the recess was being sought because the final figure given to the Board was

not \$300,000.00 as anticipated, but over \$400,000.00. The Board is hoping with more time a better figure can be worked out.

Denise Pratt outlined the action taken up to this time by the Multipurpose Room Committee including its decision to hire a Contract Manager. His \$450,000.00 figure was more than expected. The committee is committed to bringing the town a project to vote on in April.

Jim Crane, Business Administrator for SAU 24 outlined repayment schedules for a \$300,000.00 and a \$400,000.00 bond at 5.4% interest. The project would be eligible for 30% state aide. The first year level principal payment on a \$400,000.00 bond would be \$12,900.00 or \$.11 per thousand valuation. After that principal and interest payments would cost \$.41 per thousand. The first year level principal payment on a \$300,000.00 bond would be \$9,675.00 or \$.08 per thousand. The next year would be \$.31 per thousand and reduce 2¢ each year for ten years.

After more discussion concerning possible uses and need for the room, motion passed on a voice vote.

ARTICLE 3. Marline moved and Brenda seconded that the District accept the reports of agents, auditors, committees and officers as printed in the Annual Report. Motion carried on a voice vote.

ARTICLE 4. Mary Lou moved and Brenda Howard seconded that the District set the salaries of the School Board and the compensation for other officers and agents as included in the 1997-98 budget as follows:

School Board Members: \$200.00 @; Chair @ \$250.00
Treasurer: \$420.00
Moderator: \$ 40.00
District Clerk:(annual meeting \$ 60.00
District Clerk:(for the year) \$225.00
Auditor: \$ 25.00

Motion carried by a voice vote.

ARTICLE 5. Mary Lou Eaton moved that the District raise and appropriate the sum of \$728,238.00 (seven hundred twenty-eight thousand, two hundred thirty-eight dollars) for the support of schools, for the payment of salaries of School District officials and agents, and for the payment of statutory obligations of the district. Brenda seconded the motion.

Paul Dionne moved to amend the appropriated sum to \$721,413. Jean Adams seconded the motion. Paul explained that he had been told that \$15,000.00 was to transport one three year old on the Washington side of Stoddard to Hillsborough. Paul talked to Allen Williams of Hillsborough Taxi Service, and Williams will do it for \$9,000.00. Joe Denning, Special Education Coordinator, said two others needed transportation and expressed concern that the \$9,000.00 figure might not be firm. Marline asked Joe if he would

contact Mr. Williams. Joe said he will. Amendment failed on a voice vote. Original motion passed on a voice vote.

ARTICLE 6. Mary Lou Eaton moved that Article 6 be indefinitely postponed. Brenda Howard seconded. Motion carried by voice vote.

ARTICLE 7. Provides for any other business to come before the Meeting. Daniel Eaton brought up a proposal voiced three years ago to change to a private school system in Stoddard. A committee was formed at that time but did not meet or bring in a report. Dick Betz offered to chair a committee on the topic. Danny asked for volunteers to work on a committee to investigate the establishment of a charter school in Stoddard. Lynne Jarest, Penny Betz, John Halter and Nancy Cressy volunteered to serve on the committee.

Mary Lou Eaton moved to adjourn the meeting except for the purposes of voting. The motion was seconded by Brenda Howard. Motion carried unanimously. Meeting adjourned at 8:15 p.m. except for the purposes of voting. Polls closed at 8:31 p.m.

Annual Report

**Superintendent of Schools Report
March 1998**

To the Citizens of Henniker, Stoddard and Weare:

As Superintendent of Schools of SAU #24 I am pleased to provide the following report.

I am sure that we all are acutely aware and interested in what and how our young people are engaged in during their school careers. The fact that we all must be accountable for the progress and timeliness of the educational program that we are providing for the communities is essential if we are to continually improve as Districts and at the state and national levels.

The school boards, administrators, teachers, staffs and all of the wonderful volunteers are continually striving to expect more from the students. We are seeking out best practices and strategies that have proven to raise expectations and require more from all of us. As you know from your own experiences with your children or in projects that you are engaged in at your workplace, progress and excellent end results are not accomplished without teamwork and cooperation. We need to continually support each other's motivation to assist the students to become all they can be.

The consistent commitment and support that we make now, both emotionally and financially, will assist us to ensure that the youth of our communities will be prepared to lead our country in the future.

The Business and Industry Association of New Hampshire has recommended in their An Agenda For Continued Economic Opportunity in New Hampshire publication of 1996 that "data and experience suggest that the future prosperity of New Hampshire and its residents is directly related to the effectiveness of our educational system." We must invest in the future of our state; together we can continue to provide pertinent opportunities for economic, educational and environmental excellence.

We welcome your input, please contact us if you have any comments or questions regarding any of the programs being offered in the schools.

Respectfully submitted,

F. Donald Jones

Equalization Rate: Each year the Selectmen complete a report for the Department of Revenue Administration. This report list all the properties sold in Stoddard for the past year with the sale price. The Selectmen must report the Assessed Valuation of the property and note if the sales was within a family. Based on this information the Department Of Revenue Administration calculates the percentage of Assessed Value to Market Value. Stoddard Assessed Value has been greater than Market Value since 1991.
